

saltfishforty - tech spec

channel list

1. guitar/mandola condenser mic
2. guitar di
3. mandola di
4. fiddle xlr
5. fiddle xlr (+48v)
6. vox (sm58)
7. vox (sm58)
8. floor mic (foot stamp)

foh

notes

- footstamp should sound thick (like a kick drum) not a light tap.
- depending on the nature of the gig, we may prefer not to use the di's at all.

requirements

- good quality (aer or similar) two channel acoustic amp.
- two way monitor mix with good eq.
- bar stool 24-28" (no higher).
